Roca's Remedy for Pulmonary and Tubercular Consumption HAVING been appointed sole Agent for the sale of Don Greenino Roca's celebrated Cres for Constantino, the public will now be put in possession of one of the most extraordinary remedies extant for what has heretafore been considered an incurable I have the more readily undertaken the agency, rom the fact of its extreme simplicity-being an outseard application, the action of which is seemingly mi-raculous, and its having none of those attributes which make up the numerous compounds now in general

Medical.

With the utmost confidence in the success of this remedy, which has heretofore been used in private practice with great success, as is shown by numerous ters and certificates, is now offered to the public A pamphlet, containing directions, letters from distinguished individuals, and documentary evidences from the physicians of the hospital of Havana, Island of Cuba, &c., will accompany the remedy.

These speak volumes in its praise, and publicity is only required to render it as popular as it is benefical. Address,

A Physician was called who attended on him for several months, during which time he grew worse daily until he was helpless, and I believe would have died in a few days had it not been for a friend, who advised the use of Cowan's Lithontriptic. I procured a few bottles, the first of which gave him resief, and in a short time he was able to walk about, and finally felly recovered, since which time he has had no symptoms of said disease, and to all appearance is as symptoms of said disease, and to all appearance is as healthy as any servant on my plantation. I used your Lithoutriptic in small portions perhaps once a day, for five months, which dispelled ittirely the flatelent sickness of the stomach and heart-burn which had annoyed me, to an alarming extent in all my former pregnancies. When I was confined I took about two wine glasses full of the same medicine, which gave me an easier delivery by a great deal than I ever had before. Nor is this all, I have seen it tried in one case, and heard from a respectable source in another case, that your Lithon
